Team ID	PNT2022TMID21499
Project Name	Analytics for Hospitals' Health-Care Data

SPRINT 3

Sprint 3 : Patient Login and Patient Dashboard

Tasks :

- As a Patient, I want to login to see my dashboard
- As a Patient, I want to see my medical report

Description :

This is the homepage for the patients admitted to hospital. Here patient can see their treatment what they got, what medicines they take, when they can discharge from hospital and past Treatments they got

Tool Used : IBM Cognos Analytics

IBM Cognos Business Intelligence is a web-based integrated business intelligence suite by IBM. It provides a toolset for reporting, analytics, scorecarding, and monitoring of events and metrics. The software consists of several components designed to meet the different information requirements in a company. It integrates reporting, modeling, analysis, dashboards, stories, and event management so that you can understand your organization's data, and make effective business decisions.
